Instructions: Have students write what the book is about in the circle in the center of the page. Then have them write a thing that can be found in a pond in each oval. In the extra oval, have them write one thing they have seen in a pond that they did not read about in the book.
Instructions:  Have students cut out the naming words and paste each one in the sentence that tells about it.
Instructions: Have students write the letter p under each word that begins with the same /p/ sound in the word pan.
Instructions: Have students cut out the pictures. Tell them to paste the pictures of things that live in a pond or on the pond.
